Manny Ramirez, Meet Minotticucine

Friday, October 22nd, 2010

McDuffee Design Group is proud to announce we will be installing the new kitchen by Minotticucine in the home of Manny Ramirez during the Christmas holidays of 2010. The baseball stars home is near Fort Lauderdale, Florida. Mrs. Juliana Ramirez and her designer, Renata Pfuner, have selected Minotticucine's 2 1/2 inch thick flamed black absolute counter tops and a honed granite sink of the same material. They have also selected Macassar ebony for the tall appliance cabinets, with white glossy lacquer bases and wall cabinets. The kitchen design is stunning with the certainty of being featured in several Miami area fashion magazines.

Renata Pfuner is an international designer with an incredible resume of projects to her credit. Ms. Pfuner knew of only one kitchen brand that would be suitable for the home of Manny Ramirez. That brand is Minotticucine. Minotticucine is Europe's number one minimalist kitchen manufacturer, with dealers worldwide. McDuffee Design Group is the sole American dealer for Minotticucine.
